*Project funded by the European Commission under the  
International cooperation activity of the Capacities Programme  
of the 7th European Framework Programme for RTD.*

## Germany / Korea (Bilateral)

<b>Programme Name</b>	Funding of German-Korean Cooperation in Science and Technology (Bilateral Mobility Call)
<b>Website</b>	<a href="http://www.bmbf.de/foerderungen/13653.php">http://www.bmbf.de/foerderungen/13653.php</a>
<b>Programme Owner</b>	German Federal Ministry of Education and Research (BMBF)
<b>Programme Agency</b>	DLR - International Bureau
<b>Technology Areas</b>	Mobility in all technology sectors covered by BMBF-High-tech-Strategy
<b>Innovation Phases Supported</b>	Not specified
<b>Support Instruments</b>	a) Preparatory fact-finding visits b) Preparatory projects (Exchange of Experts, Workshops, Exploration visits)
<b>Submission</b>	Annual
<b>Selection Criteria</b>	Publicly funded and privately funded institutions of higher education as well as non-university research institutions that are headquartered in Germany. If existing collaborations indicate the possibility of commercial exploitation, SME headquartered in Germany are also eligible to receive funding.
<b>Examples of projects funded</b>	The bilateral mobility call is open for all technology sectors. However, the majority of funded projects come from the field of biosciences/ biotechnology, health/medicine, ICT and environmental research.
<b>Max. Grants</b>	Preparatory projects such as: Exchange of Experts: For periods of work of particularly qualified young German scientists and experts in Korea, grants of €2,350 per month for a max of 3 months, plus one return flight in economy class. Workshops: A max of €6,000 per workshop and applicant can be awarded to cover the costs of transfers within Germany, accommodation and the workshop venue. Travel grants can be awarded for participation in bilateral workshops in South Korea (maximum of 4 flights in economy class plus a per diem of €107 for stays of up to 5 working days) Preparatory fact-finding visits: Grants can also be awarded for visits that have the purpose of exploring the Korean R&D landscape in a specific field and searching for additional cooperation partners (each application is limited to a max of 4 flights in economy class plus a per diem of €107 for stays of up to 15 working days). Grant does not cover equipment and personal costs (only in exceptions).
